

COMPACT DOORS for automotive dealerships

Elevate your **CUSTOMER EXPERIENCE**

In your company, the customer experience is paramount. The same holds true for Rolflex.

Envision doors that embrace your customers. Doors that foster an inviting atmosphere, enhancing each visit to your establishment. With Compact doors, you merge contemporary design with practical functionality.

Compact doors provide design flexibility, eliminating the need for ceiling rails, and ensuring a high-quality finish that allows for seamless integration within the showroom or car delivery area. Maximize the available space in your workshop while preserving room for lighting and installations.

We offer more than merely an aesthetically pleasing door; we assist you in crafting an environment where both your customers and employees feel at ease, thereby facilitating your success.

Together, we create space for success.

*Over 25 years of
satisfied clientele.*

*Worldwide
installation*

*Made to order in our
own facility in the
Netherlands.*

Versatility for Your **ENTIRE BUSINESS**

Compact doors can be utilized in various locations within your organization.
Uncover the versatility.

Workshop and service zones

Optimize the space in your workshop.

Showroom and car delivery zones

Seamless integration in the ceiling and a refined finish.

Spray booths

Optimal space utilization and a variety of design alternatives.

Car wash booths

Ample space for your car wash installation.
